## **ATTENTION – IMPORTANT PERMIT INFORMATION**

When inspection of work completed, on an active permit, is conducted and a violation notice is issued, a follow-up re-inspection will be performed at no additional charge. When items previously identified in the violation notice have not been corrected, a re-inspection fee of \$50 can be assessed. This fee shall be paid before the re-inspection will be scheduled. Re-inspection fees may also be assessed for failure to cancel a requested inspection or when the inspection is scheduled, but not ready, when the inspector arrives on site.

All permits expire after six (6) months from date of last inspection or date of issuance where no activity on the permit has taken place.

When expired, Building, Electrical, Plumbing and Mechanical permits may be extended. Requests to extend an expired permit must be submitted to the Building Department in writing and justifiable cause demonstrated. The Building Official is authorized to grant, in writing, one (1) or more extensions of time. The Building Official is not required by the Building Code or Township Ordinance to approve extension requests.

Before an extension is granted, a special site inspection is required to determine if an extension is justifiable. A fee of \$65 is required for this inspection. Fee payment is required in advance.

If an extension is granted, the required fee payment will be assessed at \$50 or 15% of the original permit fee, whichever is greater. The extension assessment shall be applied separately for each expired permit.

The fee to cancel a permit is \$50 or 10% of the permit fee, whichever is greater, plus \$50 per each inspection completed at the time of cancelation.

Failure to obtain a final inspection and approval for any permit may result in a citation being issued to the permit holder. A personal appearance at 35<sup>th</sup> District Court will be required.

I have read and understand the information above regarding permits.
